

Dear colleagues,

I would like to inform you that AERO-UKRAINE (www.aero-ukraine.eu), an international support project under the EU 7th Framework Programme started on 1st April 2009. Our international consortium includes members of scientific and industrial organizations from UK, Hungary, Greece and Ukraine. The main aim of the AERO-UKRAINE project is to facilitate the participation of Ukrainian organization in aeronautics research with European partners under the 7th Framework Programme.

With our assistance you will be able to take part in the next Call for Proposals in Aeronautics field that will be announced in the middle of this year (approximately – in July). Previous similar call budget was EUR 203.51 million.

To achieve AERO-UKRAINE's overall objective we are ready to:

- present your organization to European scientific community;
- promote your scientific investigation results and achievements that corresponds to FP7 Aeronautics Priorities at the main European aeronautic workshops, conferences and other events;
- help you to find and establish contacts with leading European research organization;
- assist you in FP7 project proposal preparation.

For the first stage of our collaboration, please send me some contact information (name, job, position, e-mail address, phone number) regarding those people in your organization who are interested in our proposition and ready to take part in AERO-UKRAINE activities.

Please feel free to contact me if you have any questions or you want to receive more detailed information.

Best regards,

Lina Smovziuk

International S&T projects manager
